Safe Harbor's Mission is to achieve justice and healing for each abused child, as well as their family, and to engage our community in supporting the mission. As a nationally accredited non-profit children's advocacy center organization serving Montgomery County, Walker County, and San Jacinto County, Children's Safe Harbor is part of a national effort to heal trauma and facilitate justice for children ages 2 to 17 and their families. Children's Safe Harbor recently received a \$ 50,000 donation from the Woodforest Charitable Foundation to assist children and families experiencing abuse trauma further impacted by the COVID-19 pandemic crisis. If you suspect that a child is in immediate danger, Call 911 or (800) 252-5400 for the Texas Child Abuse Hotline. For more information and to find out how you can help, visit [www.ChildrensSafeHarbor.org](http://www.ChildrensSafeHarbor.org).
